PUBLICATIONS

- * Alonso-Merino E, Orozco RM, Ruiz-Llorente L, Martínez-Iglesias OA, Velasco-Martín JP, Montero-Pedrazuela A, Fanjul-Rodríguez L, Contreras-Jurado C, Regadera J, Aranda A. Thyroid hormones inhibit TGF-beta signaling and attenuate fibrotic responses. *P Natl Acad Sci USA*. 2016;113(24):E3451-60. Article. IF: 9.661; D1
- * Amesty MA, Rodríguez AE, Hernández E, de Miguel MP, Alio JL. Tolerance of micronized mineral pigments for intrastromal keratopigmentation: A histopathology and immunopathology experimental study. *Cornea*. 2016;35(9):1199-205. Article. IF: 2.01; Q2
- * Calatrava-Ferreras L, Gonzalo-Gobernado R, Reimers D, Herranz AS, Casarejos MJ, Jiménez-Escrig A, Regadera J, Velasco-Martín J, Vallejo-Muñoz M, Díaz-Gil JJ, Bazán E. Liver growth factor (LGF) upregulates frataxin protein expression and reduces oxidative stress in Friedreich's ataxia transgenic mice. *Int J Mol Sci*. 2016;17(12):2066. Article. IF: 3.226; Q2
- * Contreras-Jurado C, Alonso-Merino E, Saiz-Ladera C, Valino AJ, Regadera J, Alemany S, Aranda A. The thyroid hormone receptors inhibit hepatic interleukin-6 signaling during endotoxemia. *Sci Rep-Uk*. 2016;6:30990. Article. IF: 4.259; Q1
- * Manku G, Hueso A, Brimo F, Chan P, González-Peramato P, Jabado N, Gayden T, Bourgey M, Riazalhosseini Y, Culty M. Changes in the expression profiles of claudins during gonocyte differentiation and in seminomas. *Andrology-US*. 2016;4(1):95-110. Article. IF: 2.427; Q2
- * Martínez-Iglesias O, Olmeda D, Alonso-Merino E, Gómez-Rey S, González-López AM, Luengo E, Soengas MS, Palacios J, Regadera J, Aranda A. The nuclear corepressor 1 and the thyroid hormone receptor beta suppress breast tumor lymphangiogenesis. *Oncotarget*. 2016;7(48):79871-84. Article. IF: 5.168; Q1
- * Martínez-Iglesias OA, Alonso-Merino E, Gómez-Rey S, Velasco-Martín JP, Orozco RM, Luengo E, Martín RG, Ibáñez de Cáceres I, Fernández AF, Fraga MF, González-Peramato P, Varona C, Palacios J, Regadera J, Aranda A. Autoregulatory loop of nuclear corepressor 1 expression controls invasion, tumor growth, and metastasis. *P Natl Acad Sci USA*. 2016;113(3):E328-37. Article. IF: 9.661; D1
- * Nistal M, Paniagua R, González-Peramato P, Reyes-Múgica M. Perspective in pediatric pathology, chapter 24. Testicular inflammatory processes in pediatric patients. *Pediatr Devel Pathol*. 2016;19(6):460-70. Article. IF: 1.089; Q4
- * Nistal M, Paniagua R, González-Peramato P, Reyes-Múgica M. Perspectives in pediatric pathology, chapter 11. Testicular pathology of hamartomatous origin. *Pediatr Devel Pathol*. 2016;19(1):1-11. Article. IF: 1.089; Q4
- * Nistal M, Paniagua R, González-Peramato P, Reyes-Múgica M. Perspectives in pediatric pathology, chapter 12. Congenital epididymal anomalies. *Pediatr Devel Pathol*. 2016;19(1):12-23. Article. IF: 1.089; Q4
- * Nistal M, Paniagua R, González-Peramato P, Reyes-Múgica M. Perspectives in pediatric pathology, chapter 13. Calcifications in the testis and paratesticular structures. *Pediatr Devel Pathol*. 2016;19(3):173-82. Editorial Material. IF: 1.089; Q4
- * Nistal M, Paniagua R, González-Peramato P, Reyes-Múgica M. Perspectives in pediatric pathology, chapter 14. Natural history of undescended testes. *Pediatr Devel Pathol*. 2016;19(3):183-201. Article. IF: 1.089; Q4

- * Nistal M, Paniagua R, González-Peramato P, Reyes-Múgica M. Perspectives in pediatric pathology, chapter 15. Macrorchidism as the expression of several congenital and acquired pathologies. *Pediatr Devel Pathol*. 2016;19(3):202-18. Article. IF: 1.089; Q4
- * Nistal M, Paniagua R, González-Peramato P, Reyes-Múgica M. Perspectives in pediatric pathology, chapter 16. Klinefelter syndrome and other anomalies in X and Y chromosomes. Clinical and pathological entities. *Pediatr Devel Pathol*. 2016;19(4):259-77. Article. IF: 1.089; Q4
- * Nistal M, Paniagua R, González-Peramato P, Reyes-Múgica M. Perspectives in pediatric pathology, chapter 17. Other hypergonadotropic hypogonadisms. *Pediatr Devel Pathol*. 2016;19(4):278-90. Article. IF: 1.089; Q4
- * Nistal M, Paniagua R, González-Peramato P, Reyes-Múgica M. Perspectives in pediatric pathology, chapter 18. Hypogonadotropic hypogonadisms. Pediatric and pubertal presentations. *Pediatr Devel Pathol*. 2016;19(4):291-309. Article. IF: 1.089; Q4
- * Nistal M, Paniagua R, González-Peramato P, Reyes-Múgica M. Perspectives in pediatric pathology, chapter 19. Testicular torsion, testicular appendix torsion, and other forms of testicular infarction. *Pediatr Devel Pathol*. 2016;19(5):345-59. Article. IF: 1.089; Q4
- * Nistal M, Paniagua R, González-Peramato P, Reyes-Múgica M. Perspectives in pediatric pathology, chapter 20. Adolescent varicocele. *Pediatr Devel Pathol*. 2016;19(5):360-70. Article. IF: 1.089; Q4
- * Nistal M, Paniagua R, González-Peramato P, Reyes-Múgica M. Perspectives in pediatric pathology, chapter 21. Testicular pathology in heritable metabolic disease. *Pediatr Devel Pathol*. 2016;19(5):371-82. Article. IF: 1.089; Q4
- * Nistal M, Paniagua R, González-Peramato P, Reyes-Múgica M. Perspectives in pediatric pathology, chapter 22. Testicular involvement in systemic diseases. *Pediatr Devel Pathol*. 2016;19(6):431-51. Article. IF: 1.089; Q4
- * Nistal M, Paniagua R, González-Peramato P, Reyes-Múgica M. Perspectives in pediatric pathology, chapter 23. Testicular pathology secondary to physical and chemical injury. *Pediatr Devel Pathol*. 2016;19(6):452-9. Article. IF: 1.089; Q4
- * Nistal M, Paniagua R, González-Peramato P, Reyes-Múgica M. Perspectives in pediatric pathology, chapter 25. Testicular and paratesticular tumors in the pediatric age group. *Pediatr Devel Pathol*. 2016;19(6):471-92. Article. IF: 1.089; Q4
- * Ramos-Levi AM, Bernabéu I, Álvarez-Escola C, Aller J, Lucas T, de Miguel P, Rodríguez-Canete L, Sampedro-Núñez MA, Halperin I, Puig-Domingo M, Marazuela M. Long-term treatment with pegvisomant for acromegaly: a 10-year experience. *Clin Endocrinol*. 2016;84(4):540-50. Article. IF: 3.327; Q2
