### PUBLICATIONS

- Bloom DC, Feller J, McAnany P, Vilaboa N, Voellmy R. Replication-competent controlled herpes simplex virus. *J Virol.* 2015;89(20):10668-79. Article. IF: 4.606; Q1.
- Etxebarria-Foronda I, Caeiro Rey JR, Larrainzar Garijo R, Vaquero Cervino E, Roca Ruiz L, Mesa Ramos M, Merino Pérez J, Carpintero Benítez P, Fernández Cebrián A, Gil Garay E. Guía SECOT-GEIOS en osteoporosis y fractura por fragilidad. Actualización. *Rev Esp Cir Ortop Traumatol.* 2015;59: 373-93. Not indexed.
- García-Rey E, Cruz-Pardos A, Madero R. The evolution of the technique of impaction bone grafting in femoral revision surgery has improved clinical outcome. A prospective mid-term study. *J Arthroplasty.* 2015;30(1):95-100. Article. IF: 2.515; Q1.
- García-Rey E, Madero R, García-Cimbrelo E. THA revisions using impaction allografting with mesh is durable for medial but not lateral acetabular defects. *Clin Orthop Relat R.* 2015;473(12):3882-91. Article. IF: 3.127; D1.
- Ruiz Ibán, M A; Macule, F; Torner, P; Gil Garay, E; Oteo-Alvaro, A; López Millán, J M; Díaz Heredia, J; Loza, E. SECOT-GEDOS consensus on pre-surgical pain management in knee and hip arthrosis. *Rev Esp Cir Ortop Traumatol.* 2015;59(3):186-99. Article. Not Indexed.
- Ruiz Ibán MA, Macule F, Torner P, Gil Garay E, Oteo-Álvaro A, López Millán J M, Díaz Heredia J, Loza E. SECOT-GEDOS Consensus on pre-surgical pain management in knee and hip arthrosis. *Rev Esp Cir Ortop Traumatol.* 2015;59(3):186-99. Article. Not Indexed.
- Toledano V, Hernández-Jiménez E, Cubillos-Zapata C, Flández M, Álvarez E, Varela-Serrano A, Cantero R, Vallés G, García-Rio F, López-Collazo E. Galactomannan downregulates the inflammation responses in human macrophages via NF kappa B2/p100. *Mediat Inflamm.* 2015;942517. Article. IF: 3.418; Q2.
- Vallés G, Bensiamar F, Crespo L, Arruebo M, Vilaboa N, Saldaña L. Topographical cues regulate the crosstalk between MSCs and macrophages. *Biomaterials.* 2015;37:124-133. Article. IF: 8.387; D1.
- Voellmy R, Bloom DC, Vilaboa N. A novel approach for addressing diseases not yielding to effective vaccination? Immunization by replication-competent controlled virus. *Expert Rev Vaccines.* 2015;14(5):637-51. Article. IF: 4.222; Q2.
